

# Give a helping hand to Big Brothers, Big Sisters

## Calling any Methodist Church in the West District

**Big Brothers, Big Sisters** has operated under the **belief** that inherent in **every child is the ability to succeed and thrive in life.**

We are in need of a space where we can provide our children with computers and resources that will allow them to do their homework and meet with their mentor.

If your church is able to lend out a helping hand to this great organization, then please contact Terry Dougherty for more information.
